El had a secret, one that would see her shunned in society. Ever since Mike had dumped her, leaving her for Max, and knocking her up before he left, she had noticed whenever the baby kicked... she would cum instantly.

She felt so ashamed, but she couldn't help it, and it didn't help that it turned on her new husband, Will. He found the idea so arousing, every time it happened, he needed to get naughty with her. He especially liked drinking her milk, sucking them directly from her breasts.

"Ahn!" She moaned, cumming as soon as the baby kicked. She had just been in the kitchen, working on dinner for her and Will, when the baby decided NOW was a good time to kick. She felt Will appear behind her, arms coming around to fondle her enlarged breasts.

"Oh, did the baby just kick?" He whispered sexily in her ear, licking her earlobe, and she couldn't suppress a shudder of pleasure. It was wrong, but it felt so *good* .

"Mmmm" She stifled a moan, feeling Will slide her dress right off her body, leaving her clad in nothing but panties. He started humping her, and she could FEEL his bulge, she couldn't help squirming in please, voice crying out in ecstasy.

Will grunted into her ear, locking up against her ass, and El came yet again, throat sore from all the moaning and yelling. Panting, she didn't have time to recover, Will spinning her around, latching his mouth onto her left boob, sucking until milk started coming out.

"OH!, oh fuck!" She couldn't hold back a moan, pinching her other nipple so milk would fly out, landing in the sink. It was so good, *too good* ! Cumming for a final time, El leaned back against her husband, completely exhausted.

"Alright, let's get you to the couch." Will said, calmed down now that he had his fill. Guiding her to the couch, he sat beside her, putting on her favorite soap, as was tradition at this point.

El loved Will, and she loved the baby, but she kinda hoped this would be over soon.

Or maybe not?
